

HARDWICK 10K

How we use and store your data

Any data that you supply to us is used strictly for administration of the race. The data or some part of it is stored and processed in 3 locations:

- Entry Central – the online entry system
 - All entry data retained for up to 18 months
 - Their data privacy policy can be viewed here: [Entry Central Privacy Policy](#)
- The race database maintained by the organising committee
 - All data retained for up to 4 years, except as described below
 - Name, club, gender, age category at time of race, position in race, race time (i.e. the race results) – retained permanently
 - Medical data – deleted shortly after the race.
- Seasons Best Sports Timing – the race timing organisation.
 - Name, club, gender, age category at time of race, position in race, race time (i.e. the results) - retained permanently

For those competitors who have supplied medical information for the race:

- This information is held on a secure database, with access restricted to the database administrator
- Your information will only be made available to medical professionals in the case of a medical emergency and will not be shared with anyone else.
- Your medical information will be removed from our database no later than the end of the 3rd day following the race

By entering and competing in the race you agree to the above use of your data.

If you have any questions about the above, please contact admin@hardwickrun.co.uk
